

SHAREFEST'S VIRTUAL GALA

Dedication

IT'S TIME TO LEAN IN

Dedication isn't easy. It takes grit, hard work and perseverance. Our youth have shown us over and over again the true meaning of dedication. Now we ask for your dedication to them. Your support allows us to provide youth leadership programs, trauma-informed mental health support, access to technology for distance learning, and ongoing mentorship. It also allows us to launch new programs to connect youth to trades and college opportunities. Lean in and commit to supporting brighter futures for our youth.
